

PT Astra Agro Lestari Tbk

Progress Report on *Traceability*

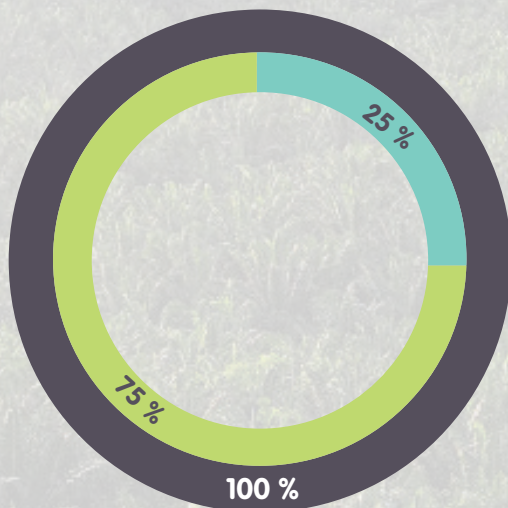

January - March 2020

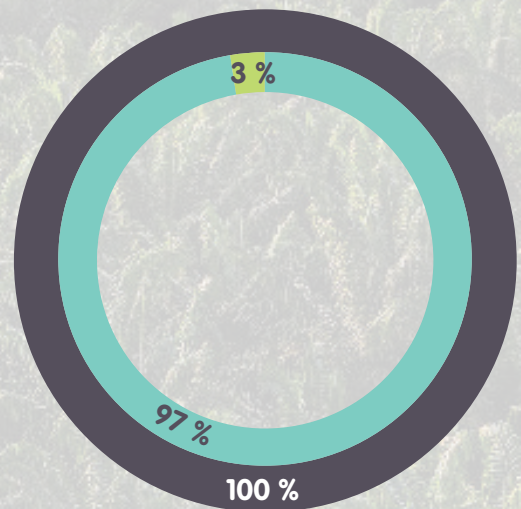

Traceability to Mill

We continue to maintain 100 % traceability to mill for the period of January – March 2020. Currently, Astra Agro has 87 suppliers (16 internal and 71 external) in its supply chain.

Traceability to Plantation

As of March 2020, we continue to maintain 100 % traceability to plantation at DO Holder level. Based on our actions plan, this year we have added three more priority mills as part of a pilot project for reaching smallholder traceability at the plantation level. This pilot project was conducted on a total of nine priority mills in Riau, Aceh and West Sulawesi.
